

ABERCANAID STAR

Junior Yard Makeover!

On Monday 9th October 2006 at Abercanaid Community School the Junior yard had, had a complete makeover. They have made changes to the yard because before The yard was a bit to tiring. Now they've painted 2 football pitches one either side of the yard, a hopscotch, target practice, skipping area, clock, compass, obstacle course and grids. So far there have been no complaints off the children! They think it's great!

Yard: New fun yard with happy children.

Also on Monday 9th of October Mrs Richards (down the infants) heard a noise, she thought it was a bit strange so she called Anthony so he could check it just encase there was something seriously wrong with it.

It turns out that there was a leak and for three days they had to go into the other Mrs Richards classroom (who teaches a different class every day.

But now their all in their normal class.

Mrs Richards: radiator leak

Church visit

On Wednesday of last week the children of class 6 visited St Peters and St Paul's Church. This term they Are studying in R.E all about churches. In the church the children found out about the beautiful stained glass windows, when they were in the church they done work about the Pulpit, Alter, Lectern, Font and the Choir stall. Also they saw there was a cross on the roof. The point why they went to the church was to find about the building and what it was used for.
